

# The battery range

## What is a home battery?

A home battery stores up a supply of clean, usable energy for your home. It can take power from a generation source – such as solar, wind, or hydro – or from the grid using off-peak overnight tariffs. In the process, it allows you to save up to 85% on your energy bills.

## Our battery storage technology

### Powerful

Your battery is made of high-capacity, energy-dense cells.

### Safe

LiFePO4 technology makes our batteries the safest available.

### Sustainable

Fully recyclable, non-flammable, and non-toxic.

### Heavy-duty

Up to 100% depth of discharge unlocks the battery's full capacity.

### Lasting

Tough enough to power unlimited cycles over 10 years.

### Durable

Designed for minimal heat build-up, maximum longevity.

### Efficient

Prismatic – not soft pouch – cells deliver ultimate efficiency.

### Ethical

Ethically sourced and cobalt-free.

### Economical

Round trip efficiency of 93% means superior energy retention.

### Sophisticated

Individual monitoring and balancing of each and every cell.

## Which home battery do you need?

Our home batteries come with multiple power capacities, to meet the needs of any customer. Your installer will be able to recommend the product you need after chatting more about your property and your energy-saving goals.

### Giv-Bat 2.6

The perfect starter battery for small homes.

- 2.6kWh / 51Ah capacity
- 80% depth of discharge
- IP65 rating
- Dimensions 299H x 205D x 480W (mm)
- 10 year warranty

### Giv-Bat 5.2

A compact battery with increased power.

- 5.2 kWh / 102 Ah capacity
- 80% depth of discharge
- IP65 rating
- Dimensions 515H X 223D x 480W (mm)
- 10 year warranty

### Giv-Bat 8.2

A powerful battery boasting 100% DoD.

- 8.2 kWh / 160 Ah capacity
- 100% depth of discharge
- IP65 rating
- Dimensions 669H X 223D x 480W (mm)
- 10 year warranty

### Giv-Bat 9.5

Our most powerful single home battery, with 100% DoD.

- 9.5 kWh / 186 Ah capacity
- 100% depth of discharge
- IP65 rating
- Dimensions 800H X 242D x 480W (mm)
- 10 year warranty

### All in One

A battery and inverter in one integrated product.

- 6000W nominal AC output power
- 7.2kW @ 10s, 6.5kW @ 30s peak power
- IP65 rating
- Dimensions 1100H x 600W x 280D (mm)
- 5 year warranty, extendable to 10\*  
\* (10 year battery guarantee as standard)

### Stackable battery

Create the desired power capacity with a stacked setup.

- 3.4kWh per battery pack
- 10.2kWh - 20.4kWh per stack
- 3-6 batteries can be used per stack
- IP65 rating
- 10 year warranty
